TEAM MANAGERS NEEDED

The Southern Ohio Adult Soccer Association has leagues in the Greater Cincinnati, Columbus and Dayton areas. Some but not all, have Men's, Women's, Coed and Senior competition. We receive dozens of emails and telephone calls every month from players who want to play with us. All we can do is direct them to current teams but most of their rosters are already filled. We cannot add players or start new leagues without some administrative assistance. If we want to have a Women's or Coed or Senior league in Cincinnati or Columbus, someone has to help organize it. There must be people willing to be team managers. A person from without can do it. It can be one of the players. It doesn't matter.

We really need people who are willing to be TEAM MANAGERS - a person who is willing to spend about an hour a week with paperwork and a few telephone calls. No experience is necessary. It is not difficult. Contact me using the information below.

Be a part of the solution.

Volunteer to be a team manager.

Ken Conselyea
